
INTRODUCING A REAL VALUE DRIVER.

Presenting the HC Series Bronze commercial bus from IC Bus. Designed for customers on a tight budget, this vehicle is the perfect solution if you want the durability of a larger bus but don't need its capacity or price tag. The HC Series Bronze takes harsh operational conditions head-on while covering customers with its one-stop shopping solution.

This fully-integrated, extremely durable bus is ideal for multiple shuttle bus applications, where high frequency trips demand hydraulic all-wheel disc brakes and a GVWR under 22,000 pounds. Powered by the MaxxForce®7 200hp diesel engine and an automatic transmission, you'll be able to move up to 29 passengers at a time, safely and comfortably, while keeping your costs to a minimum. If you're looking for the best value to reliably drive your customers efficiently over the long haul, look no further than the HC Series Bronze commercial bus.

For more information about the IC Bus™ HC Series Bronze commercial bus or to locate the nearest IC Bus dealer, call 1.800.892.7761 or go to ICBus.com
